Dear Parents,

The Huntington Elementary Community Council has already been working to make this year another great school year. You probably think, "What the heck is the Community Council?" Our goal is to ensure all parents feel informed about what it is that we do. Below is a list of facts that should help you understand the responsibilities of our school community council:

Facts:

*Community Council is a committee made up of Parents and Faculty to represent the needs of your students and classes.

*We develop required state plans every year.

*In our meetings, we discuss ways that Utah Land Trust monies can be and are spent for Huntington Elementary.

*Land Trusts are designated areas in the state of Utah where profits are devoted to education throughout Utah.

*If you have any questions or concerns or are just curious, anyone is welcome to attend our meetings!
